**Reference: Wild Willies Yard Services and Eschenfelder Landscape Design Services**

To Whom It May Concern:

I have known Willie Eschenfelder for many years.

His Yard Services Company is top notch!

They do all types of landscape maintenance services for me and I have never had a complaint.

His crews are very efficient, fast, and clean!

My wife enjoys the fact she can speak with the crew leaders and they are very eager to perform any additional requests with a smile and do it quickly.

Regarding his Landscape Design Services, Willie has a knack to visualize a concept and put it on paper so a person can really see what he is proposing..

He is not a Landscape Architect, but is better, because he knows what will work and grow in a particular environment, since he will probably be doing the future maintenance on the project and not be walking away and not worrying about future problems.

I would highly recommend any of his services to anyone and they are welcome to call me for any type of reference.

Thank you,
